Time it was, and what a time it was — it was.

A time of innocence

A time of confidences.

Long ago it must be

I have a photograph.

Preserve your memories

They're all that's left you.

Teng Comes Calling — The China Break Through

TWO BOYS

We must not think this is an ordinary day
Two boys are dead
And in a mangled car
Nestled against a milk truck, their faces
Stare, unknowing, unmoving; Give mercy.
We are crying

Through the painted cinder block hallway the girls come crying.
They shake their heads in disbelief, they hide their faces
— A bad joke, they know that cars
Bring freedom, are not for dead —
Boys who hear know more this day
Their shaking hands, ask mercy.

The President quotes Micah — love, justice, and mercy,
It is inauguration Day and the
Millions and millions of faces
Are watching and smiling, some crying
Some moved by promises, some burying hopes that are dead.
The President walks down the middle of the wide avenue for this time
freed from the huge, bullet-proof car.

The snow is glaring white and edged with black near the car
They did not live long enough to face
Their fear, or make us hear their crying
Or wait for us to come today
With mercy.
The bodies are removed. The boys are dead.

Do you think looking at the dead
Useless bodies in the hospital, sparated from the wrecked car
The mothers' wretched call for mercy
From the God who gave the boys that day
To them, just a few years ago,
Infants crying
Boldly and life thirsty, fussy silk heads and tiny puzzled faces

Will be heard, will move hearts, will unset stone faces?
And some, a few, with mercy
Will move to touch (not the dead, too late for that, the boys are gone
and the broken car)

But touch the crying
Hurting ones, this day.

The girls are crying, their furtive faces still afraid next day
And mercy stands beyond the deceiving car, the youthful dead.

To Ms. Jacqueline Diggs,

Throughout the past four years we, the Class of 1979, have grown not only as individuals but also as a class. You have led us through the many peaks and valleys which have marked our high school years. Even though you came to us as a new administrator, you quickly established yourself as a leader and a friend.

Through your stern leadership you have earned our respect; however, through your understanding you have earned our love.

Thank you,
The Class of 1979

As friends we are one:

*We have partied together at
Our spots, that were so
Ingeniously sought.
We have laughed together
And we have cried,
But the many friends that
Were acquired throughout the years
Have reflected only the best emotions,
The girlfriends and boyfriends,
The broken hearts and squabbles,
They were all conquered by us:
Together.*

As students we are one:

*We demonstrate our curiosity with our
Thirst for knowledge.
We are willing to learn,
Explore and listen:
Together.*

As individuals we are ourselves:

*We all have our own character
And personality that makes us different.
Our smiles depict our happiness as
We walk through the halls
With our many greetings:
Together.*

As a group we are one:

*We have exhausted the word
enthusiasm to the fullest extent.
We are rowdy and alive,
Together.*

As a class we are one:

*We are caring and loving, involving
ourselves in every possible activity,
Together.*

As a school we are one:

*We are respected
For constant determination. The
Determination comes from us, we
will not stop until the feeling of
superiority is accomplished;
Together.*

We are one

*We will all strive for the accomplishment of
Happiness: together.
We have explored and learned as one.
Then why must we say good-bye?
We will not say goodbye,
But hello, with open arms,
To our new beginning:
Together.*

Participation was the main goal of this year's Student Government, involving the student body as well as the elected representatives. A variety of students confronted us with their problems and we dealt with them effectively. Although our main concern is with the school policy, we conducted a Blood Drive with excellent results.

Most of all we would like to extend our thanks to Mr. Zinkievich, our advisor, and everyone else involved with Student Government for an extremely successful year.

AFS — GABRIEL BASSAN

There seems to be a magic aura concerning Switzerland . . . a kind of winter paradise . . . indescribably beautiful snow-capped mountains, hot chocolate and lovely maidens dressed like Heidi. And, of course, the famous Swiss bank accounts. Naturally, when I left the States, I was too sophisticated to believe any of it. You can imagine my surprise when I found myself in just such a place. It took me a week or two just to convince myself that I wasn't dreaming.

But Switzerland isn't a fairy tale. It's a real country with real people and real problems. And although one can find some truth in most of the stereotypes that we think belong in Switzerland, it doesn't take long to realize that these things are superficial, like the Statue of Liberty or Disneyland, the things the tourists see.

What makes Switzerland Swiss are the same things that make America American or France French. It's the people, their ideas, their values. Understanding these things is the difference between being a tourist and living here for a year. The tourist will go home with beautiful pictures of the Alps, some souvenirs and maybe some stories about the beautiful girls one can find in the cafes and ski lodges. I hope to come home with a year's worth of new experiences and with the knowledge of how another people live.

But those stereotypes still come in handy. I think about them and they help stop me from laughing when my classmates here ask me if it's true that it never snows in America, if every one in New York carries a gun or if high schools in the States are really like the one they saw in "Grease."

YOUTH FOR UNDERSTANDING —

MITCHELL MARDER

This year, my situation is very interesting. I am spending my senior year of high school as an exchange student in Belgium. I am doing and experiencing things which not many high school students have a chance to do. My situation, as an exchange student in Belgium, is odd but really lucky. The family with which I am living is Israeli. They speak Hebrew in the home and French on the outside. I feel that I am getting the best of two different worlds at the same time. This is an experience that not many exchange students have a chance at.

The school that I am attending is a Belgian public school. The school day is eight and a half hours long. I am taking a total of eleven subjects with homework each night for about two to three hours. Since all my subjects are in French, it was a problem for me at first. But now, after two months of school, my French is progressing. I enjoy trying to speak French with my Belgian friends. It's a real challenge to converse in a foreign language, especially when one succeeds in being understood. The reward can be very gratifying.

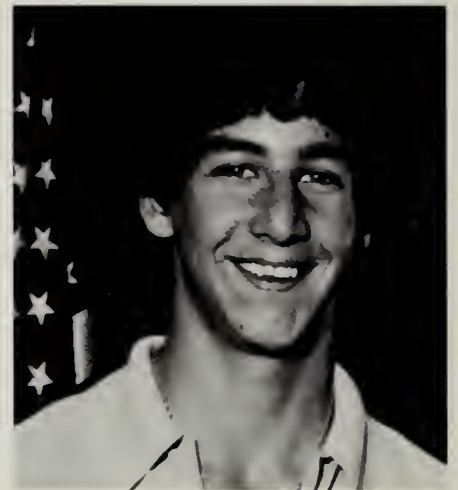

DOUG WALL — PHILIPPINES

Hi, everyone:

Living with the Bakunowas is great! It reminds me of home; five brothers who fight over stupid things all of the time. I love it! Ricky, second eldest, will be married on October 14 so the family and I will fly to the house in Manila for the wedding. We leave the 13th and I am not sure when I will return. If we win the basketball tournament I am in, we will play in a regional tourney, which is all of Leyte. Then, if we win that game, we receive an all expense paid trip to Manila for the Philippine International Tourney. Pretty good, huh? I should be back the 2nd week of June, and I am looking forward to seeing all of you again.

Despite a disappointing season the South Football team gave its all. It was a small team with great character; a team that never gave up after several disheartening losses. The Flyers were plagued with several injuries throughout the season which resulted in many young players seeing varsity action. This year of rebuilding will certainly produce winning results in the years to come.

Highlights of this year's season included a victory over North. This year's team was lead by captains Eliane Videira and Jean Callahan. Eliane was chosen captain of the All-Star game and voted MVP for the South team. Although the team will lose several seniors, the outlook for next year looks good.

This years team showed much improvement. The girls pulled their record up from 2-14 last year to 8-10 this year. The team was dedicated, hardworking, and boasted many good players. Mr. Kelly, their coach, did an excellent job and was a great source of inspiration to the team. Captains Tricia Farrand and Tammy Brown proved invaluable as leaders.

Congratulations to the Class of 1979

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test — or the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work. Many plan for college, some must reckon with the armed forces. Others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory, and warehouse.

“Now we take our time . . . so nonchalant
And spend our nights so bon vivant
We know its all a passing phase
And so its time to change our ways
But we’ve loved these days

Now as we indulge in things refined
We hide our hearts from harder times
So before we end and then begin —
We’ll drink a toast to how its been
A few more times that we can say
We’ve loved these days”

We met on roads of happiness
Both careless from the start
We've learned of love and life and joy
And now we must depart
We've taught each other how to grow
And shared our separate dreams
We've sampled what life holds for us
While learning what life means
We leave South High for future goals
Which we will soon pursue
We'll miss our friends, the fun we had
Let's hope all dreams come true
